

Sustainable Vine WINE TOURS

Santa Barbara County

Organic and Biodynamic Vineyard and Winery Tours

We specialize in providing a unique, behind-the-scenes wine experience. Taste award winning wines while seeing and learning the process first-hand. We provide a personable and knowledgeable guide, luxury door-to-door transportation, and an organic picnic lunch set against the backdrop of the beautiful Santa Ynez Valley.

"...the perfect balance between luxury and sustainability." - Santa Barbara Independent

Take home more than just wine... TAKE HOME A STORY.

To truly appreciate a wine, one needs to encounter its origins. Join us for an unforgettable day of wine tasting, where you'll walk amidst the vines, feel the distinctive climates, learn the methods of production, meet the people that make it happen, and of course drinking the fruits of their labor.

Typically our tour focuses on three wineries that have been specifically selected based on their quality of wines, degree of personal service, and level of commitment to sustainable agriculture. Mid-day, a gourmet, organic picnic lunch will be provided at a scenic location.

By experiencing wine from grape to glass, you'll walk away with a greater understanding and appreciation for the people, places, and cases that Santa Barbara County has to offer.
